Dear Dom Lipa Families, Friends, Employees and Supporters,

We hope you are continuing to stay safe by following the suggested public health measures listed at the end of the communication. Here is an update about vaccines.

Covid-19 Update

There continue to be no active Covid-19 cases at Dom Lipa.

Covid-19 Vaccines for Staff, Essential Care Givers and Residents

Vaccines for Dom Lipa staff and essential care givers are now available at Humber River Hospital.

Essential care givers were sent an invitation by e-mail to make a vaccine appointment. Please contact info@domlipa.ca, if you are an essential care giver and did not receive an invitation.

We are pleased to report that all residents who provided consent for the Covid-19 vaccine were vaccinated at Dom Lipa yesterday, January 7th, with the first dose.

Lockdown Information for Toronto

The City of Toronto guide provides Toronto residents with information on what is required during the provincial “Grey – Lockdown” period, which began in Toronto on November 23 to help stop the spread of COVID-19. This guide is organized by “Dos” and “Don’ts”. It is important to know that breaches of some of these directions will constitute offences under the provincial regulations.

Wear a mask or face covering in public spaces and when physical distancing isn't possible.

Take a self-assessment to help you decide if you need a COVID-19/covid 19 test.

Download the COVID Alert mobile app to protect yourself and your community.

Find sector-specific resources to prevent COVID-19/covid 19 in the workplace.

Stay up to date with the latest **information about COVID-19/covid 19 in Ontario.**
