

DOM LIPA

SLOVENIAN LINDEN FOUNDATION

January 8, 2021 Second Communication

Dear Dom Lipa Families, Friends, Employees and Supporters,

New Covid-19 Outbreak

We are writing to let you know that this afternoon Toronto Public Health declared a suspected outbreak of Covid-19 on the 1 West Wing at Dom Lipa.

Staff testing results from this week showed that one of the 70 Covid-19 tests is positive. We will not provide any further details to protect the privacy of our staff.

Some of the residents on 1 West are now on contact droplet precautions and isolation.

We are in close contact with the affected residents and their families to keep them up to date. We are closely collaborating with Toronto Public Health; keeping them updated; and following their recommendations.

Please stay safe and continue to take care of yourselves.

Sincerely,

The Board of Directors of the Slovenian Linden Foundation – Dom Lipa
