

April 1, 2021

Dear Dom Lipa Families, Friends, Employees and Supporters,

In this communication we express our gratitude to our hard-working staff and provide information about registration for the upcoming Annual General meeting.

Covid-19 Update and Thank You

Test results for residents and staff were all negative for Covid-19 this week. As of this week, our records show that 67% of the staff and supporting services such as physio and doctors and 62% of essential visitors (caregivers) have been vaccinated with either one or two doses.

We wish to highlight the hard work of everyone at Dom Lipa striving to keep our residents and staff safe. Dr. Pilarski, our Medical Director, also extends her gratitude to all staff and specifically recognizes the valuable contributions of Magdalena Finat, Director of Care, Renata Ribaric, Resident Care Coordinator, and their team for maintaining good infection practice and control measures, during the last year. It has been challenging to quickly absorb new information and implement ever-changing Ministry directives. In addition, our Executive Director, Jolanta Linde and the administrative team have worked diligently to anticipate and plan extra measures to help ensure the safety of all. Thank you also to everyone for quickly adapting to new guidelines, and consistently agreeing to be tested weekly. Bravo, team Dom Lipa!
